

Wraparound Collier (WRAP)

Wraparound Collier Program (WRAP) provides specialty behavioral health treatment to high-risk individuals in Collier county for whom funding for an appropriate level of care does not otherwise exist. The program provides services to individuals diagnosed with mental health, behavioral or co-occurring mental health and substance use concerns and experience moderate problems in functioning in any setting. Services are provided in the home, school and community. WRAP services partner with the child, adolescent or young adult and their family to provide behavioral health treatment services needed to help the individual with serious mental health and behavioral health issues to live at home, do well in school and to live productive lives in the community. The average length of treatment is six to twelve months.

Eligibility Criteria Include:

- Individuals ages 3 to 18 years old
- Youth or family is currently without health insurance
- Diagnosed with a behavioral disorder, a co-occurring mental health and substance use diagnosis, or a mental health diagnosis
- Family is willing to participate in treatment along with the youth/young adult
- Current symptoms impact the ability to successfully participate in the following areas: school, home, and community
- Requires a level of care that is currently not available

Services funded through  **Central Florida**
Behavioral Health
Network, Inc.

Horseshoe Drive Location

David Lawrence Centers for Behavioral Health
